

HELP FOR NERVOUS WOMEN

Dr. Williams' Pink Pills Cured This Woman and She and Her Husband Both Recommend Them to Others.

When the nervous system is broken down from overwork, or whatever cause, life loses its joys. Not only is the nervous victim a sufferer himself but he is usually a trial to the whole family. Nervous breakdown is often gradual, appearing at first to be merely an unusual fretfulness. Dr. Williams' Pink Pills tone up the nerves in the most direct way and not only cure minor troubles but serious disorders as well.

Mrs. L. C. Jenks, who lives about three miles from Sheridan, Mich., and whose address is Box 13, R. F. D. No. 4, Sheridan, is enthusiastic in praise of this remedy. She says:

"I was cured by Dr. Williams' Pink Pills of nervous trouble brought on by overwork and worry. For several years I had been sick and was completely discouraged. I had severe headaches and such a pressure on the brain that I couldn't sleep and I thought it would make me insane. My appetite failed and my food did not digest properly. I had a very bad cough at one time and would often have to go to bed for three or four days.

"I doctored with several physicians and although they helped me at times, I grew gradually worse. I read about Dr. Williams' Pink Pills and began to get better after I had taken them only a short time. I took several boxes of the pills and never felt so well in my life as I do now. My husband is also a great believer in Dr. Williams' Pink Pills as he finds that they give prompt relief in bilious attacks. We recommend Dr. Williams' Pink Pills to all who suffer."

Dr. Williams' Pink Pills cure general and nervous debility. They make new blood, they strike at the root of these and other diseases, such as rheumatism, anaemia, indigestion and nervous troubles, such as neuritis, nervousness and spinal weakness.

A helpful booklet, "Nervous Disorders," will be sent free on request.

Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid, on receipt of price, per box, six for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

UPTON SINCLAIR EJECTED.

He Was Gathering Material for a Novel at the Breakers.

New York, Oct. 18.—Upton Sinclair, professional Socialist and author of "The Jungle," is not popular in Newport. The Socialist hit upon the scheme of enlisting on Howard Gould's yacht, the Niagara, as a steward. After a few days spent aboard the yacht he resigned and took a place as servant in the Breakers, the home of Mrs. Cornelius Vanderbilt, sr.

One of Sinclair's fellow servants noticed that every night before retiring, the young man filled the pages of a notebook with observations made during the day. This he reported to headquarters and Sinclair was summarily ejected.

Sinclair says he was ready to leave, inasmuch as he already had absorbed the salient features of Newport culture.

You will recognize Arbuckle's Ariosa Coffee in the cup, any time, by the taste. That "taste" identifies it as the straight, pure Brazilian and distinguishes it from the make-believe Mocha and Java, and sundry other misbranded or misnamed impostures.

The improvement in the quality of Ariosa is the natural consequence of our own commercial development, and promises more for the future. Sold in a sealed package only, for your benefit.

The Latest Style Combs

Shades of our departed grandmothers are suggested in the latest comb styles. In the cycle of time every style returns. We all remember the beautiful open work, hand carved tortoise shell combs worn by our grandmothers, the best examples of which were imported from Japan, costing fabulous prices, and cherished because of their rarity and exclusiveness.

They are again the height of style. They are as pretty and dainty as ever but the cost is materially lessened as these are made of horn, in very clever imitation of tortoise shell, and are priced from 50c to \$2.00.

Nothing looks better on a severely plain, tailored, tight fitting coat than a set of these dainty, white collar and cuffs. They give a decidedly chic, dressy, finished air to the wearer not obtained otherwise.
